Contractor Signature Release (required)

By signing below, the contractor certifies that this invoice form and all accompanying documents are complete and accurate. The signature certifies that the contractor is licensed, bonded, insured, has been trained by the manufacturer of the installed product and has received project contractor orientation. By signing this, the contractor has read and understood the terms and conditions listed on this form and/or project information on the NW Ductless Heat Pump Project website (www.GoingDuctless.com).

<input type="checkbox"/> Yes, this DHP has been installed on a dedicated electrical circuit. <input type="checkbox"/> Yes, I have installed refrigerant line protection on entire length of exterior, insulated refrigerant lines (for details, see below). <input type="checkbox"/> Yes, I have installed the system in accordance with manufacturer specifications, including adherence to proper refrigerant charging. <input type="checkbox"/> Yes, I have all required licenses, registrations, certifications and permits for the work performed at the site address on this form.			

Terms and Conditions

OFFICIAL FORM: This form and any required additional documentation, including installation invoice, must be filled out completely, truthfully and accurately. Project details, including incentives, are subject to change without prior notice.

CONTRACTOR RESPONSIBILITY: It is the responsibility of the contractor to fully fill out this form at the time of installation, and to ensure this form has been signed by both the contractor and homeowner.

HOMEOWNER ELIGIBILITY: To be eligible for incentive payment, the home must have permanently installed electric resistance heat as the primary heating system. Qualifying applications are Single Family Homes with zonal electric heat, Manufactured Homes with zonal electric heat, Single Family Homes with electric forced air furnaces, and Manufactured Homes with electric forced air furnaces. A qualifying home cannot: (i) be new construction, (ii) have a fossil fuel central forced air or fossil fuel hydronic heating system, nor (iii) have a ducted heat pump system.

SYSTEM ELIGIBILITY: To be eligible for incentive payment, ductless heat pumps installed must be: a split system heat pump employing an inverter-driven, variable speed compressor, a variable speed outdoor fan, and a multi-speed or variable speed indoor blower. The system must meet a Heating Seasonal Performance Factor (HSPF) requirement of 9.0 for single head systems and 8.2 for multi-head systems. Additionally, indoor units using any type of field installed duct system are NOT eligible.

CONTRACTOR ELIGIBILITY: Contractors must be licensed, bonded and insured, have successfully completed manufacturer sponsored training for equipment being installed and have attended an orientation provided by the NW Ductless Heat Pump Project (the Project) available at <http://goingductless.com/partners/contractors>.

CONTRACTOR REMOVAL: Non-compliance with installation specifications and/or Quality Assurance Inspections may trigger a performance review of the installation contractor. This review will be conducted by the NW Ductless Heat Pump Project Quality Assurance team. The performance review may result in suspension or permanent removal from participation. Findings of the performance review will be communicated, in writing, to the installation contractor and participating utility along with terms of suspension or removal.

VERIFICATION AND INSPECTION: Participating homes are subject to random onsite inspections in order to verify that installations meet Manufacturer specifications and that the home meets eligibility guidelines. You may be contacted by phone or email to schedule an inspection. No warranty is implied by this inspection.

TAX LIABILITY: Neither the utility, BPA, nor the contractor is responsible for any tax liability, which may be imposed on the Participant as a result of payment of any incentives or as a result of obtaining financing.

ENDORSEMENT: The NW Ductless Heat Pump Project does not endorse any particular manufacturer, contractor or product in promoting ductless heat pumps. The fact that the names of particular manufacturers, contractors, or products may appear on Project materials does not constitute an endorsement. Manufacturers, contractors, or products not mentioned are not implied to be unsuitable or defective in any way.

SAFETY AND BUILDING CODES: The Participant agrees to pursue compliance with federal, state, and local building and environmental codes for the installation of this product. The contractor certifies products have been installed consistent with manufacturer instructions.

PROPERTY RIGHTS: The Participant must have proper authority to install the ductless heat pump system on the designated property or has obtained any necessary consent from the landlord.

ACCESS AND EVALUATION: The Project and its representatives may request access to the property on which the ductless heat pump system was installed to review and evaluate the system during and after Project completion. The Participant agrees to provide reasonable access to the property for the purposes described herein. In addition, the Project may contact the Participant for survey participation and project feedback.

REFRIGERANT LINE PROTECTION: At the time of installation, contractor must protect all exterior, insulated refrigerant lines. Protection is either UV-resistant tape wrapped around insulated refrigerant lines or rigid line hides installed over insulated refrigerant lines.

Residence Type	Measure	Rebate Amount	Minimum Installation Requirements
Existing Site Built	Ductless Heat Pump one per residence	\$800	Existing zonal heat (baseboard, ceiling cable, wall, electric hydronic)
Existing Site Built or Manufactured Homes	Ductless Heat Pump one per residence	\$1,000	Existing forced air electric

RETURN COMPLETED APPLICATION TO:
Modern Electric Water Company
Attn: Energy Efficiency Rebates
5605 NE Elam Young Parkway
Hillsboro, OR 97124
Email: rebates@esgroupllc.com Fax: 503-344-6942

Allow 8 to 10 weeks for processing after the receipt of the final invoice & completed rebate application.

Participation in this energy efficiency program allows West Oregon Electric Cooperative to use your electrical energy consumption history for energy savings research. Your consumption history may be shared anonymously with Bonneville Power Administration for energy savings verification and research.

RESIDENTIAL DUCTLESS HEAT PUMP REBATE PROGRAM

General Information

HOMES THAT QUALIFY FOR A REBATE

- Site-Built Homes & Manufactured Homes with Forced Air Electric or Zonal Electric Heat (baseboard, wall, ceiling cable).
- For both Site & Manufactured Homes with existing heat pumps do not qualify for the rebate.
**Only one DHP rebate per site location.

REBATE AMOUNTS

Home	Existing Heat	Rebate
Single Family & Manufactured	Zonal Electric	\$800
Single Family & Manufactured	Forced Air Electric	\$1,000

LEARN ABOUT DUCTLESS HEAT PUMPS

- What is a Ductless Heat Pump and how does it increase comfort and efficiency? Find out at www.goingductless.com!

INSTALLER REQUIREMENTS

- Your installation contractor must be listed on the “going ductless” web site for your project to qualify for our rebate.
- www.goingductless.com (click on “Find Installer” and enter your zip code).

BEFORE INSTALLATION: PRE-APPROVAL

- An on-site visit is *not* required prior to installation to qualify for the rebate.
- Your contractor must submit the Residential Ductless Heat Pump Rebate Application to Modern Electric Water Company (MEWCO) before installation to verify that the model qualifies for the rebate.
- Pre-installation approval *is* required to qualify for the rebate.
- The approval process takes approximately one business day.

AFTER INSTALLATION: FINAL DOCUMENTATION

- Your contractor must submit a complete Residential Ductless Heat Pump Rebate Application and final invoice to MEWCO.

QUALITY ASSURANCE INSPECTION

- MEWCO may do a follow-up inspection of your new Ductless Heat Pump.
- If you are chosen for an inspection, you will be contacted beforehand to schedule a day/time with a MEWCO field representative.

CUSTOMER REBATE CHECKS

- After MEWCO receives your completed application and final invoice, it takes approximately 8 to 10 weeks for rebate checks to be issued and mailed
