## MODERN ELECTRIC WATER CO. HYDRANT METER APPLICATION

The usage of MEWCo's fire hydrant(s) for the purpose of obtaining water requires the use of a MEWCo supplied hydrant meter. The applicant agrees to pay a **deposit of \$500**. Upon the return of the hydrant meter, MEWCo will issue a refund of the deposit minus the rental costs and a \$30 permit fee. The funds for any damage to the meter and/or fire hydrant will be withheld from the deposit and/or billed to the customer. Failure of the customer returning the meter to MEWCo, will result in MEWCo keeping the deposit.
